Kycon Expands DC Power Connector Series

San Jose, CA – Increasing their line of DC Power connectors to include panel mount power jacks, Kycon introduces the KPJX-PM Series, which allows for greater design flexibility.

The KPJX-PM series is available as a 3-pin or 4-pin option and as a shielded or unshielded shell. The panel mount is offered as a mounting ears feature that provides secure panel attachment.

The KPJX-PM has a snap and lock feature that helps to prevent accidental disconnects. Kycon's unique snap and lock DC Power Connectors offer innovation in technology to improve reliability and customer satisfaction.

Kycon continues to offer a complete quality connector product line, including customized solutions, while maintaining world-class services and support that has consistently earned them Bishop's top-rankings for customer satisfaction.
